Clerk to write to MSDC

Planning:

- Monk's Hall (DC/22/01698): This PA covered a proposed rear extension to the Hall. As the purported oldest house in Suffolk, circa 11th century, it is protected by numerous heritage agencies but the Council appreciated that making it fit for habitation in the 22nd century change has to happen. As the plans suggested no change to the appearance of the frontage then all the Council could do is remind Planning of its responsibilities of preserving the history of the building on the advice given by English Heritage etc
